6<sup>th</sup> January

Dear Customer,

Happy New Year.

Whilst the year has not begun the way we would have hoped we remain confident that we will, by working together, get through the challenges of the next few weeks.

During this time, the health and wellbeing of you, and our staff continues to be our absolute priority and we will continue to ensure that all necessary measures and safe practices that we have introduced within our business are maintained.

As with the previous lockdowns BAKO remain open for business as usual and will continue to serve you as we have done so over the last few months.

Each of our sites remain committed to maintaining individual order requirements and high levels of service. In addition, our stock levels will continue to be replenished regularly.

We will communicate any further changes to you and advise you of any updates as and when they occur. In addition, our Customer Service Teams are on hand to assist you wherever possible.

Thank you for your continued support.

Stay safe & keep well.

Best Wishes

Mike Tully  
GROUP CEO
